Vision/Mission of the Maynard Public Schools

Vision

All students achieve their full potential in an interconnected technological world.

Mission

The Maynard Public Schools are committed to a superior academic experience for Maynard's students that prepare them to be productive citizens in an interconnected technological world.

We will achieve this through incorporation of 21st century learning skills and opportunities across disciplines and establishing high academic standards that encourage students and teachers to achieve their full potential. We will ensure that the professional staff, the curriculum, and the facilities function in unison to achieve the best possible learning environment for the students.

We will also provide an educational environment that is supportive of individual differences where all people are valued and respected. Parents and community members are our partners in the educational process and require frequent communication on the state and activities of the Maynard Public Schools. We will constantly pursue a path of continuous improvement in all of our efforts to keep pace with an ever changing world.
